

COVID-19 Update (6/22/2020)

We have resumed on-site client work Mondays and Wednesdays, maintaining Telehealth participation Tuesdays and Thursdays.

Our offices are outfitted with 6 foot markers, hand sanitizers, plexiglass barriers at front desk and clinical staff offices, more than enough masks and face shields for staff and clients.

The Food Pantry is open 7:00-2:30 each day, with our main distribution occurring Tuesdays at 12:30.

All clients, staff, visitors have their temperature checked at our single point of entry each day upon arrival and answer COVID questions. All persons entering the facility are required to wear a mask.

Groups are assigned their own set of restrooms and breaks are staggered.

Starting July, we plan to bring clients back to on-site work Monday through Thursday

We are accepting applications and starting new client/workers again.

Our AMIGOS Drop-in center remains closed, but is open for onsite workers.
